BrightLink 710Ui and BrightLink Pro 1470Ui

The world's first 3LCD ultra short-throw interactive laser displays.

Whiteboard or PowerLite Pilot and Active Speakers Promotion: **March 1 - June 30, 2019***

- Breakthrough laser technology provides up to 20,000 hours of virtually maintenance-free operation⁴, higher image contrast and Instant ON/OFF
- Connect up to 50 Chromebook™, Mac®, PC, iOS® and Android™ devices, and simultaneously display up to four screens, with Epson iProjection™⁵ (wireless module sold separately)
- DuoLink — install two BrightLink displays side-by-side to create one seamless interactive surface up to 177" diagonal³

- Touch-enabled Full HD WUXGA Interactive Laser Displays up to 100" diagonal — for an optimal viewing experience and clear readability from anywhere in the room
- Twice the interactive space of a 70" flat panel and makes any surface interactive
- More accurate, vivid color, even in well-lit rooms - 4,000 lumens of equal color and white brightness¹
- Pen- and touch-based interactivity — allows up to eight users to draw, share and collaborate at once, with six points of touch plus two pens
- Two-way content sharing — teachers can push content from the projector to wirelessly connected devices; students can make notes and send their work back to the projector²
- Seamless integration with popular curriculum software — BL710Ui includes 1-year subscription plus support for SMART Learning Suite® (only)

BrightLink 710Ui

BrightLink Pro 1470Ui

¹ Color brightness (color light output) and white brightness (white light output) will vary depending on usage conditions. Color light output measured in accordance with IDMS 15.4; white light output measured in accordance with ISO 21118. ² For wireless functionality, including via the Epson iProjection App, the projector must be configured on a network, either through the Ethernet port on the projector (check model specifications for availability) or via a wireless connection. Check your owner's manual to determine if a wireless LAN module must be purchased separately to enable a wireless connection. Not all Epson projectors are able to be networked. The Epson iProjection App does not support all files and formats. See www.epson.com for details. ³ Certain functionality is only available through Epson Interactive Tools (EIT) software. For a list of supported operating systems, visit www.epson.com. ⁴ 20,000 hours is the estimated projector life when used in Normal Mode. Actual hours may vary depending on mode and usage environment. The projector comes with a 3-year limited warranty. ⁵ For wireless functionality, including via the Epson iProjection App, the projector must be configured on a network, either through the Ethernet port on the projector (check model specifications for availability) or via a wireless connection. Check your owner's manual to determine if a wireless LAN module must be purchased separately to enable a wireless connection. Not all Epson projectors are able to be networked. The Epson iProjection App does not support all files and formats. See www.epson.com for details.
