Bose Videobar VB1 all-in-one 4K USB conferencing solutions
Huddle up and get more done.

BOSE VIDEOBAR VB1

From huddle spaces to medium-sized rooms, Bose Videobar VB1 is an all-in-one USB conferencing device that brings premium audio and video to every meeting.

Make conversation more natural with six beam-steering microphones that actively focus on voices and reject noise; and auto EQ that delivers optimized audio to all participants.

Communicate and be seen more clearly — a 4K ultra-HD camera with autoframing allows everyone to see and understand the presenter, whiteboard, flipchart, or other in-room objects — and feel more like they're together in the same room.

Support multimedia presentations with premium audio with Bose-proprietary transducers that deliver room-filling sound from a USB-connected laptop or wireless Bluetooth® device.

Clean up the conferencing experience with an elegant lowprofile design that complements the room, improves aesthetics, and connects via a single USB cable, eliminating clutter.

Connect to existing network infrastructure, making installation and troubleshooting faster and allowing for remote updates, management, and monitoring.

Configure easily with Bose Work Configuration software, available as an app or via web browser; and manage remotely with Bose Work Management software which displays real-time status and allows for easy single-unit or system-wide changes.
Huddle spaces

For huddle spaces, Bose Videobar VB1 cleans up the conferencing experience with an elegant low-profile design. It connects via a single USB cable, reducing clutter, and can be mounted easily in a variety of ways with the included table stand and wall-mount kit, or with a VESA mounting accessory (sold separately).

Medium-sized conference rooms

In medium-sized conference rooms — and even in acoustically challenging rooms with glass walls — Bose Videobar VB1 makes conversation natural. Six beamsteering microphones actively focus on voices and reject noise, and auto EQ delivers optimized audio to all participants.
Communicate and be seen more clearly — a 4K ultra-HD camera with autoframing allows everyone to see and understand the presenter, whiteboard, flipchart, or other in-room objects — and feel more like they’re together in the same room.

Meeting rooms made easy with Bose VB1

Mount easily in multiple ways with included table stand and wall-mount kit or - with VESA mounting accessory (sold separately).

Connect to existing network infrastructure, making installation and troubleshooting faster and allowing for remote updates, management, and monitoring.

Configure easily with Bose Work Configuration software, available as an app or via web browser; and manage remotely with Bose Work Management software for single-device or enterprise-wide, multi-device changes, and to view device status in real time.

Control settings in real time from a smartphone using the Bose Work mobile app to easily adjust volume, mute, pan, tilt, zoom, zoom presets, and Bluetooth® pairing.

Easily connect a smartphone via Bluetooth connectivity to use as a standalone speaker phone or stream music.
